

Dear Owners,

We continue to monitor the COVID-19 virus situation, including federal CDC guidelines and State & Local directives.

Please note the following restrictions and recommendations implemented by the Condo Association Board of Directors; these are all effective immediately and until further notice:

- **Guests and visiting family members should be discouraged as a courtesy to others in residence given the current situation with the highly contagious COVID-19 virus. In general, guests on property should be limited as much as possible. The cooperation of both owners and renters in this endeavor is appreciated.**
- **Pools and Spa remain open. All residents and guests must adhere to the six-foot social distancing guidelines in the pools & spa, and on the upper & lower pool decks.**
- **Contractors are not permitted in the building, except in cases of emergency service personnel. The office must be notified if an emergency service call is needed.**
- **Fitness Room is closed to all residents and guests.**
- **Card and Game Room is closed to all activities and meetings.**
- **Organized social gatherings & activities are not permitted in any common area; this includes the pools & spa, all pool decks, lobby/party room, tennis courts, garage & parking lots, and all hallways/corridors.**
- **It is recommended that to the extent possible no more than two people occupy an elevator cab at one time; in keeping with social distancing guidelines. Signage to this effect will be displayed accordingly.**
- **Food Delivery personnel must be met by the resident at the front door. Orders are not to be delivered to the unit.**
- **Shopping carts are not to be taken inside of units.**
- **Packages and special deliveries will not be made to individual units by UPS, FEDEX, etc. Instead these items will be delivered to the A and B elevator vestibules. After 5pm each day the staff will take any that have not been picked up to the mail room.**
- **The number of lounge chairs on the pool deck will be reduced as necessary to accommodate social distancing.**
- **Beach chairs located at the end of the walk-over are locked up and not available for use.**

Sarasota County residents who believe they may have COVID-19 are asked to call the Sarasota COVID-19 call center before visiting health care providers. The Sarasota County COVID-19 call center number is (941) 861-2883. Subject-matter experts are on duty 8 a.m.-5 p.m., Monday thru Friday.

The Department of Health runs a hotline that anyone who believes they may have coronavirus can call, as well. The number is (866) 779-6121 and operates 24 hours a day, 7 days week. Subject-matter experts will interview callers to determine whether they are at risk for having COVID-19, based on travel history, contact with confirmed cases and other factors. The Department of Health (DOH) routinely updates case counts, prevention tips, worldwide developments, reputable links and more at its COVID-19 web page: www.flhealth.gov/covid-19

Any questions that the web page cannot answer can be phoned into the State Health Office hotline (866-779-6121) or emailed to covid-19@health.gov

The Florida Department of Health in Sarasota County continues to encourage the public to exercise prevention tips:

- Wash your hands often with soap and water
- Use an alcohol-based hand sanitizer if soap and water are not available
- Cover your mouth and nose with a tissue when you cough or sneeze
- Cough or sneeze into your upper sleeve or elbow (not your hands) if a tissue is not available
- Try not to touch your face with unwashed hands
- Frequently clean and disinfect touched surfaces • Don't touch or shake hands with people who are sick
- Stay home when you're sick and keep your children home when they're sick

The Department of Health in Sarasota continues to work with local partners - hospitals, clinics, government, schools, businesses, emergency management, law enforcement, tourist development and more -- to shape messaging and address specific concerns.

About the Florida Department of Health, The Department is nationally accredited by the Public Health Accreditation Board, works to protect, promote and improve the health of all people in Florida through integrated state, county and community efforts. For more information about the Florida Department of Health please visit: www.FloridaHealth.gov.
